**Location:** Estepona, Costa del Sol, Spain

A brand new, modern and very exciting project, located on a nearly 10,000m<sup>2</sup> large plot, primarily to the water at Estepona, where 70 apartments and exclusive penthouses will be built, as well as 2 unique and magnificent villas built in the best materials and finish.

A project at Estepona for sale that includes a style of very high qualities and the homes are built, located and designed for the people who will live in it. There will be large landscaped gardens, large swimming pools and architectural areas. The buildings, simply said, have delicate shaped curves. In addition, there is a spa area and a fitness center where you can take care of your body and mind. And finally, there are no cars in the area, all driving underground, so the outlying areas are only for residents who can move freely.

The apartments have different designs and 2, 3 and 4 bedrooms and the studios even have their own garden.

There are 3 and 4 bedroom Penthouse apartments, each with large terraces and stunning sea views and with their own pool.

In Edge there are a very special type of homes, the villas. These are 2 unique two-storey houses, with 4 or 5 rooms with en-suite bathrooms, with their private garage and built right out to the edge of the beach.
