Property Description

Location: Fuengirola, Costa del Sol, Spain

New development of apartments in Fuengirola from 1 to 3 bedrooms, with modern layouts, generous terraces, and resort-style communal areas. Situated in Los Pacos, one of the most desirable residential neighborhoods, Luminar Homes offers between 71 m² and 130 m² of living space, plus terraces starting at 20 m². Prices are competitive for this exclusive location, just a 5-minute drive from the beach and with seamless connections to Malaga Airport, Marbella, and central Fuengirola.

Each apartment combines contemporary design with practical functionality. Interiors are filled with natural light thanks to floor-to-ceiling windows leading to spacious terraces, some with the option of a private pool. Kitchens come fully fitted and equipped, with options for personal upgrades. Flexible floor plans allow you to adapt spaces to your lifestyle, including movable partitions for extended living areas. Every home includes advanced air conditioning, ensuring comfort and energy efficiency year-round.

The development integrates sustainability into every detail, with eco-conscious features that reduce water and energy consumption. Outdoors, landscaped gardens use low-water-demand vegetation, and residents can enjoy an adult swimming pool, children's pool, and shaded relaxation areas. Indoors, the facilities cater to both leisure and productivity: a wellness room with sauna, a fully equipped gym, coworking spaces for remote work, and even a communal laundry room.

The location is one of its strongest advantages. Los Pacos offers an established community with international schools, supermarkets, parks, restaurants, and sports facilities within walking distance. Fuengirola's sandy beaches are only minutes away, while excellent road and transport links place the wider Costa del Sol at your doorstep. Whether for permanent living, a holiday retreat, or a solid investment, Luminar Homes represents a chance to secure a property in one of the coast's highest-demand areas.
