Oasis Club House Marbella Golden Mile

This fully refurbished beachside house in the Oasis Club on Marbella's Golden Mile is offered at €3,500,000 and features three bedrooms, three bathrooms, 123 m² of internal space and 76 m² of terraces, set just steps from the sea inside one of the most iconic beachfront communities on the Costa del Sol.

Located within a privileged stretch of the Golden Mile, the home blends its Mediterranean exterior with a refined, Scandinavian-inspired interior design. The main living areas are set on one level, giving the house an easy, flowing layout. Large windows frame the landscaped communal gardens and allow natural light to brighten the space. The living room opens directly to a generous private terrace, creating an inviting outdoor extension for dining, lounging, and relaxing, just moments from the beach.

The kitchen has been completely modernised using high-quality finishes and appliances, giving the home a clean, contemporary feel that aligns perfectly with its Scandinavian character. All three bedrooms include their own bathroom, making the house suitable for both full-time living and luxury holiday use. The renovation has been executed with attention to detail, giving each room a cohesive and elegant ambience.

Upstairs, the rooftop terrace adds an additional outdoor living area with wonderful sea views. From here, the proximity to the coast becomes even more apparent, reinforcing the appeal of this Oasis Club residence as a true beachside retreat. The community itself enjoys a superb frontline-beach position, direct private access to the promenade, and a beach club exclusively for residents.

From the doorstep, you can walk in one direction toward Puerto Banús and in the other toward Marbella town, passing the renowned Puente Romano and Marbella Club hotels along the way. The setting is ideal for those who value convenience, security, and a lifestyle centred around the beach.
