Property Description

Location: Benahavís, Costa del Sol, Spain

Marbella Club Golf Resort Villa in Benahavís

Listed at €10,700,000, this extensively renovated villa within Marbella Club Golf Resort offers seven bedrooms, six bathrooms, 937 m² of built space, 156 m² of terraces, and a 4,974 m² plot, positioned in a secure golf enclave with panoramic views across the Mediterranean, Gibraltar, and the surrounding hills of Benahavís.

Located within the exclusive, 24-hour gated Marbella Club Golf Resort, this villa blends Andalusian architectural character with contemporary design and modern technical upgrades. The property occupies an elevated position within the resort, allowing uninterrupted views across landscaped gardens, the coastline, and the natural surroundings that define this prestigious residential area. Renovated in 2025, the home reflects a careful balance between timeless proportions and updated materials, ensuring comfort, functionality, and long-term quality.

The main living level opens into a spacious lounge where a glass fireplace forms a subtle focal point while maintaining clear sightlines toward the pool, gardens, and sea beyond. Large windows and direct terrace access allow natural light to flow throughout the interior. Adjacent to the lounge is a dedicated television room and a formal dining area designed for hosting, both seamlessly connected to the outdoor spaces. The open-plan kitchen features Gaggenau appliances and combines Scandinavian-inspired simplicity with practical storage and preparation areas.

This level also includes two generous en-suite bedrooms with direct access to the gardens, creating a sense of privacy and flexibility for family members or guests. Stone detailing throughout the outdoor areas adds texture and continuity between the architecture and landscape.

The upper floor is reserved for private accommodation, led by an expansive primary suite with a dedicated dressing room featuring bespoke wood carpentry. The en-suite bathroom includes a sculptural marble bathtub positioned to capture views toward the sea and Gibraltar. Two additional bedrooms and a shared bathroom complete this level, all benefitting from elevated perspectives and natural light.

Designed to support both leisure and wellbeing, the lower level accommodates a private gym, sauna, and steam room, along with a dedicated cinema room equipped with Bang & Olufsen technology. A lounge and bar area further enhance the home's suitability for entertaining, while practical spaces include a large laundry room and extensive storage.

Outdoor living is central to the villa's design. The pool has been upgraded with a heating system, electric cover, and solar panels, allowing year-round use. Expansive terraces frame panoramic views, while a built-in outdoor kitchen and barbecue area create a natural setting for open-air dining. The

south-facing orientation ensures sunlight throughout the day, from morning to sunset.

The Marbella Club Golf Resort is recognised for its privacy, mature landscape, and lifestyle amenities, including an 18-hole golf course designed by Dave Thomas, equestrian facilities, and a refined clubhouse overlooking the lake. Despite its tranquil setting, everyday conveniences, international schools, and the coast are all within a short drive.
