Property Description

Location: Fuengirola, Costa del Sol, Spain

Astra Homes is a new residential apartment development in Fuengirola offering 1-, 2- and 3-bedroom homes with interior spaces ranging from 93 to 224 m² and terraces from 16 to 70 m², located just 1.3 km from the beach and 2 km from the town centre on the Costa del Sol.

The project has been conceived as a contemporary seven-storey building comprising 126 apartments, designed to create a strong visual and functional relationship between the sea and the sky. Clean architectural lines, large windows and panoramic terraces define the exterior expression, positioning Astra Homes as a new architectural reference within Fuengirola's urban landscape.

Interior layouts focus on open-plan living-dining-kitchen spaces that allow natural light to move freely throughout each home. The living areas extend directly onto south-facing terraces, creating a seamless transition between indoor and outdoor spaces and supporting everyday living that naturally adapts to the Mediterranean climate.

Homes are available in different configurations to suit a variety of lifestyles, from permanent residence to holiday use or investment. All apartments include air conditioning, a fully equipped kitchen with modern appliances, two private parking spaces and a dedicated storage room.

The communal areas are designed as an integral part of daily life rather than an added extra. On the ground floor, landscaped Mediterranean gardens, walking paths and relaxation zones surround a spacious outdoor family pool. A concierge service and secure entrances contribute to both comfort and peace of mind.

On the fifth floor, residents have access to shared spaces dedicated to wellbeing, productivity and social interaction. These include landscaped seating areas with views towards the Sierra de Mijas, a coworking space with natural light and high-speed connectivity, a wellness centre with spa and sauna, a fully equipped gym and a private cinema room.

At rooftop level, a sky infinity pool visually connects with the Mediterranean Sea, complemented by a chill-out lounge designed for evening use and social gatherings. This elevated level offers a distinctive shared environment that extends the living experience beyond the private apartments.

Astra Homes enjoys a strategic location with direct access to the motorway, placing Málaga International Airport and the high-speed train station within approximately 15 minutes, while Marbella is around 35 km away. The wider Costa del Sol lifestyle, with its climate, gastronomy, cultural calendar and outdoor activities, forms a natural extension of everyday life.
