Property Description

Location: La Quinta, Costa del Sol, Spain

Modern Villa in La Quinta

This modern villa, known as Tresora Villa B, is located within the gated Tresora Villas community in La Quinta and is offered for sale at €5,495,000. The property features five bedrooms, four bathrooms, a built area of 606 m², 307 m² of terraces and a 1,210 m² plot, positioned in a private hillside setting above Marbella with open views across the surrounding valley.

The villa is arranged over three levels and has been designed with a clear focus on contemporary architecture, functionality and natural light. Floor-to-ceiling windows and clean architectural lines define the main living spaces, creating a seamless connection between interior areas and the expansive terraces. The elevated position enhances privacy while maintaining close proximity to golf courses, amenities and the coast.

The main level is centred around open-plan living and dining areas that flow directly onto the outdoor terraces and infinity pool. This layout supports a natural indoor–outdoor lifestyle, well suited for both daily living and entertaining. The kitchen is integrated into the living space and finished in a modern style with generous workspace and direct access to exterior areas.

On the upper level, the villa offers well-proportioned bedroom suites designed to maximise comfort and privacy. The master suite benefits from its own terrace, dressing area and open views across the landscape. All bedrooms are positioned to take advantage of natural light while maintaining a calm and private atmosphere throughout.

The lower level is dedicated to leisure and functionality, incorporating a private gym, wine cellar, cinema lounge, laundry facilities and storage areas. A private garage provides parking for multiple vehicles, completing the practical aspects of the home without compromising the overall design.

Outdoor spaces play a central role in the villa's layout, with landscaped gardens surrounding the infinity pool and multiple terraces providing areas for dining, relaxing and enjoying the open views. The orientation allows for sunlight throughout the day, reinforcing the connection between the villa and its natural surroundings.

Located a short drive from La Quinta Golf & Country Club, Puerto Banús and Marbella, Tresora Villa B offers a balanced combination of modern design, privacy and accessibility. More villas in this area can be explored via our La Quinta villa selection, with practical guidance available in the Buying Guide.
