homes to improve
people's lives

MANILVA-COSTA DEL SOL

A home on the Mediterranean coast with spectacular sea views always makes a difference

Living on the Costa del Sol provides considerable quality of life. Owning an apartment in Blue View Heights adds an extra advantage. This is an estate with large properties and terraces situated near the coast, at the foot of the Mediterranean hills, with sea views from which you can also see the Rock of Gibraltar. This privileged location allows access to all that Costa del Sol has to offer.

The sea and the mountains, resting and participating in activities... Blue View Heights makes a reality of the ideal of a relaxing life in connection with nature, by the beach, in the knowledge that just a few minutes away you can also enjoy one of the areas with the widest range of leisure activities and services in Europe.

* Optional swimming-pool, at a separate cost and temporarily limited.

GOLF

The best golf course next to home

La Costa del Sol offers over 70 golf courses, being one of the favourite destinations for golf lovers. Only in the vicinities of Blue View Heights there are 12 large golf destinations such as, for example, the best golf course in continental Europe, the Real Club Valderrama in Sotogrande, at only 10 minutes. If you like golf, you will enjoy like never before, and if you have not been there yet, this is your chance.

Along the 184 km comprising the Mediterranean coast, there are 11 marinas such as the glamorous Puerto Banus marina in Marbella and the Benalmadena marina, which was awarded the Best Marina in the World twice. At only few minutes from the development, you will also find the Sotogrande marina and La Duquesa marina (Manilva).

Additionally, the entire coast offers the possibility to practice a large number of water sports such as diving, paddle surf, windsurf, kitesurf, kayak, sailing... If you add indoor water sports, the possibilities are endless.

MARINAS AND
WATER SPORTS

Living by the sea
is the only way to
enjoy it fully

Services

Schools, medical centres and hospitals, shopping centres and all kinds of stores.

Leisure

Golf, nautical sports, water sports, restaurants and a large cultural portfolio of activities.

Connections

A few minutes from the Costa del Sol, with access to the motorway and international airports.

SERVICES

Life is easier when you have everything at hand

Including Malaga city, the population of the Costa del Sol exceeds 1,000,000 inhabitants with over 140 nationalities from all over the world. Its growth has gained it its reputation as one of the areas with the best services in Europe: international and bilingual schools, medical centres and hospitals equipped with last-generation technologies, large shopping centres and all kinds of stores, which offer from the essentials to country-specific specialties.

Wherever you come from, whichever your needs are, you know you have it all at hand, which makes daily life much easier.

LEISURE

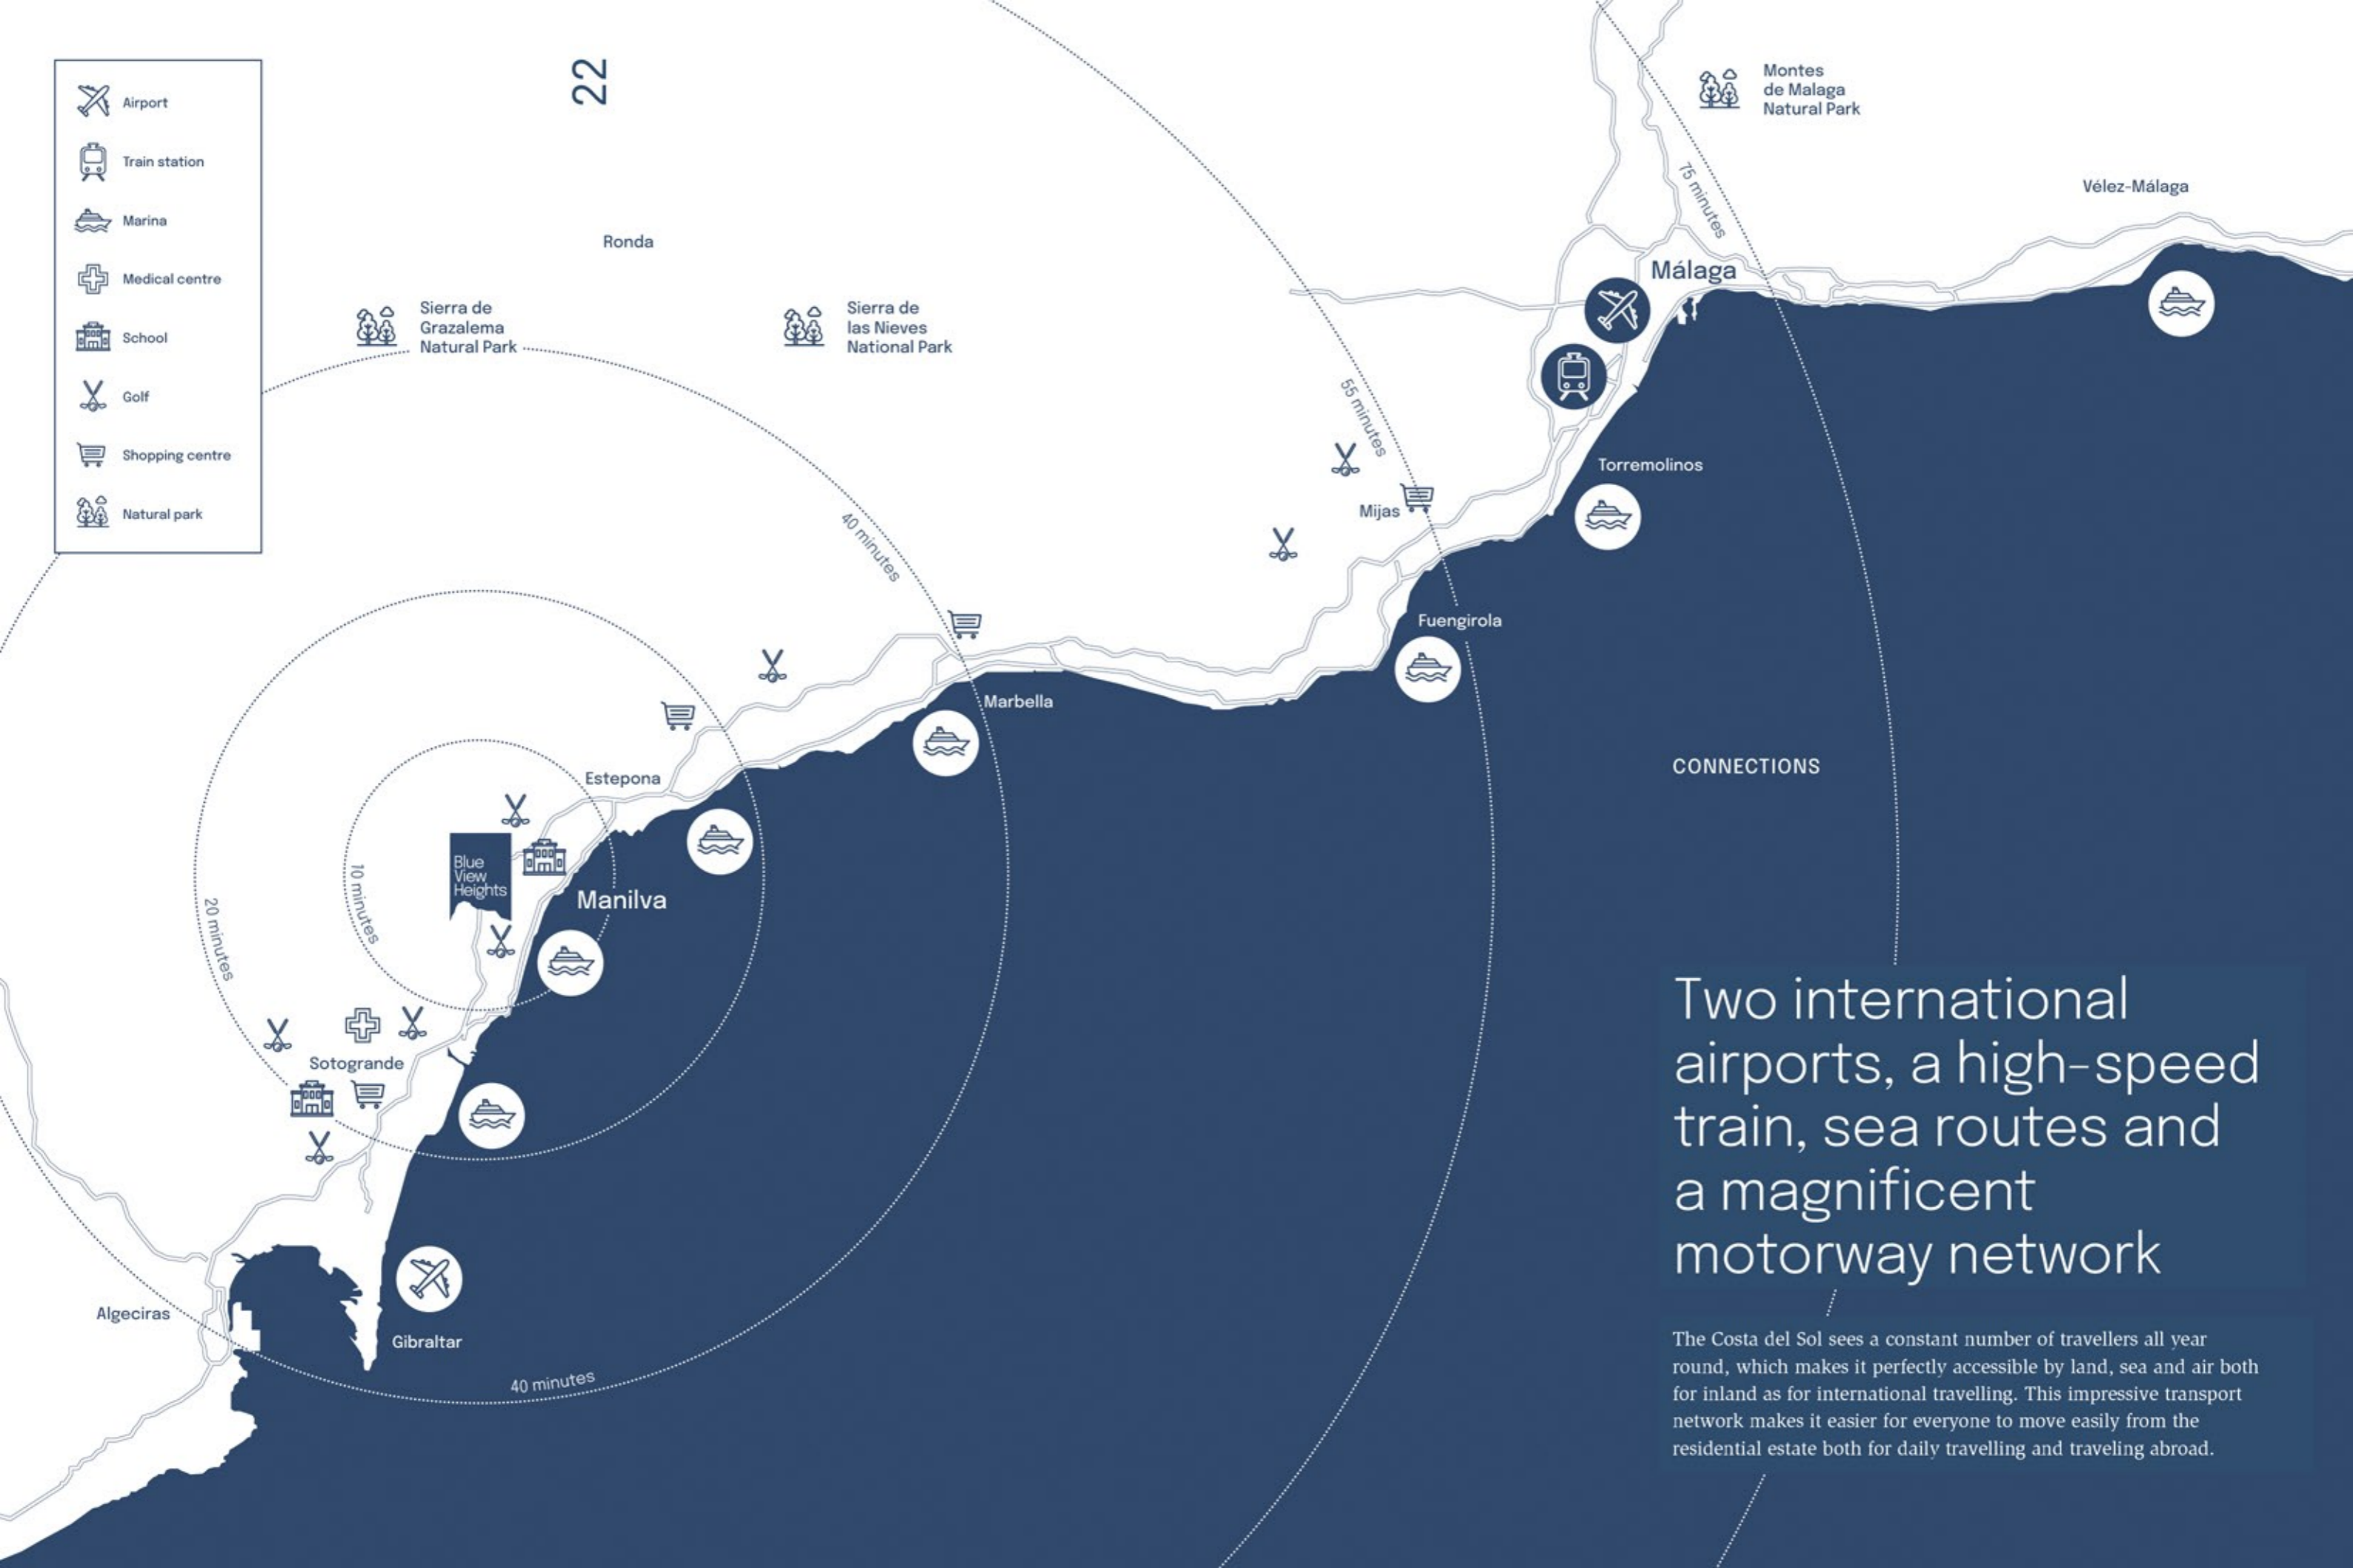

Enjoy a permanent holiday the 365 days of the year

Living in Blue View Heights offers the intense experience of going from a residential relaxing area into a busy area full of possibilities. From sea and mountain activities to bars and restaurants, the leisure options of the coast are infinite all year round. Culture lovers also have in Malaga city a hotpot for a wide range of events, concerts, museums...

Having your own property where the rest can only spend a holiday provides a different perspective to life.

-  Airport
-  Train station

-  Shopping centre
-  Natural park

CONNECTIONS

Two international airports, a high-speed train, sea routes and a magnificent motorway network

The Costa del Sol sees a constant number of travellers all year round, which makes it perfectly accessible by land, sea and air both for inland as for international travelling. This impressive transport network makes it easier for everyone to move easily from the residential estate both for daily travelling and traveling abroad.

RESIDENTIAL AREA

An ideal life in a safe environment

The housing estate has been organised with its residents in mind. This is why we have created community spaces that are safe and kind and invite residents to take on activities. Surrounded by beautiful Mediterranean gardens with access to the natural environment, it has walking areas and resting areas, a large swimming-pool, a community room, a spa and a gym to enjoy alone or in the company of family and friends.

Every property includes its own garage space to provide maximum comfort. It also has an extra space at the storage room area.

Blue View Heights has been designed to meet the needs of today's families.

PROPERTIES

Large properties with terraces and incredible panoramic views

With the purpose of meeting the various needs of life, Blue View offers semi-detached 2, 3 and 4-bedroom properties organised in four rows looking on to the sea. There is a choice of various models with large terraces, a garden and southwest orientation.

Large terraces

Properties with large terraces and spectacular sea views.

State-of-the-art design

Attractive volumes and natural textures and shades that provide warmth and a feel of spaciousness.

Brightness

Open interior spaces with large windows leading to the terrace or garden generating large and bright spaces.

Maximum comfort

Large rooms, thermal and sound comfort, heating, air-conditioning, interior air renovation system in properties with extractor fans in bathrooms and kitchens.

Fully equipped

Furnished kitchens with worktops and appliances integrated in the living area, contemporary main and secondary bathrooms, lined-interior modular wardrobes, electrical, telephone and TV connections, garage and storage room...

Energy saving

Windows that use the maximum potential of natural light, insulating blinds, air-conditioning in all the rooms.

High-quality materials

Provided with high-quality materials and finishes, sound-absorbent brickwork, double-glazing aluminium metalwork, lacquered hinged-door modular wardrobes, porcelain stoneware floors in the entire property.

Total safety

Every property has been provided with an armoured door with security lock, a video intercom and an automated vehicle access door.

Only missing your personal touch

The properties at Blue View Heights have been designed to fully adapt to your needs.

There is a wide range of options amongst which you can choose to customise your property, ranging from a selection of decorative items to the installation of house automation systems, a jacuzzi or outdoor swimming-pool in certain properties, etc.

From its design and planning to its construction, Blue View Heights has followed sustainability criteria according to environmental laws. Additionally, we have used high-quality materials and finishes, premium thermal insulation systems, windows that use natural light...

All adds to reduce the environmental impact with utmost respect to the natural environment and increased energy saving.

SUSTAINABILITY

Designed with energy saving and environmentally-friendly criteria in mind

Environmentally- friendly

Blue View Heights has been designed to cause a minimum impact on the environment.

The construction solutions have been improved to optimise energy consumption and ensure comfort and enjoyment.

We use LED light fittings in various areas of the building ensuring optimum consumption, duration and effectiveness.

We use the latest technologies in air-conditioning and air quality systems with our priority being both the final result and low energy consumption.

We have installed sanitary units that are environmentally friendly. Low consumption means a significant saving in terms of bills as well as a contribution to the improvement of our environment.
