Avorio

Format: 1500x750

Avorio is included within the wide chromatic range that the Colorfeel collection presents, showing an ivory tone, always in trend. Its conceptual purity is achieved by starting from the reduction of everything unnecessary without losing sensitivity, evoking class and sense of harmony.

Pietra di Luna

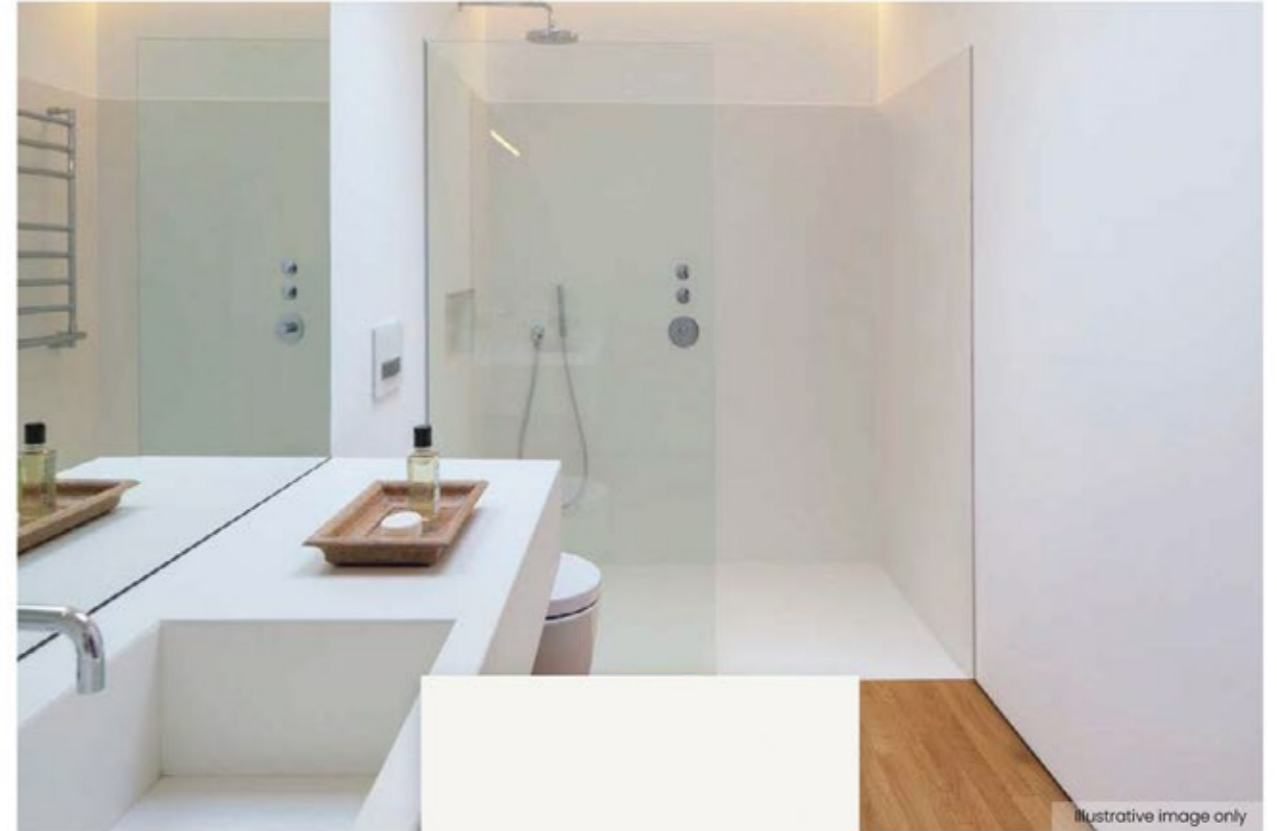

Format: 1500x750

Pietra di Luna by Neolith belonging to the Fusion collection, presents a stone-like design that is distinguished by a soft gray shade. An ideal material to be used in big surfaces. A perfectly timeless model that combines with other architectural elements. It allows covering with a touch of balance.

FLOORING AND TILING

Bathrooms

Just White

Format Floor: 1500x750

Format Tiling: 1100x Floor to ceiling

The cleanliness and purity of a white matte, combined with naturalness and unsurpassed technical characteristics of Neolith. The new Just White model combines all the above.

Mont Blanc

Shower Tile Format:
1100x Floor to ceiling

The immaculate slopes of the Alps and one of the most prestigious ski resorts of the world, Chamonix, are the source of inspiration underlying the exclusive Mont Blanc design.

Himalaya Crystal

Shower Tile Format:
1100x Floor to ceiling

Himalaya Crystal pays homage to the region's famous salt crystals which have been mined in the region since the days of Alexander the Great. Bold veining sublimely contrasts with subtle spontaneity and a slight translucency adds to the authenticity. This delivers a clean, crystalline appearance, which appear to elegantly illuminate any space in which it's applied.

Zaha Stone

Shower Tile Format:
1100x Floor to ceiling

Neolith takes you on a trip to Iran with his contemporary interpretation of the Iranian Gray Stone. The design team by Neolith, incorporates a richer gray shade, more industrial, with white veins that enhance the background in opposed directions. The Zaha Stone model, pays tribute to the recently deceased and incredibly talented, Zaha Hadid, a true inspiration in the architectural community.

Amazonico

Shower Tile Format:
1100x Floor to ceiling

This captivating new design brings those who contemplate it to the lush, dense and exotic jungles of South America, full of the most diverse flora and fauna, and bathed by the waters of calm rivers. Amazonian combines dark and mysterious tones that represent the dense forest floor, and makes way gradually to lighter colors in a nod to the gradual luminosity that emerges in the treetops.

Customisable

The choice of finishes in the kitchen will be done together with the specialist Küchenart.

With a wide array of colours, finishes, and materials to choose from:

Frame, lacquers, fronts, enclosures, profiles and drawers.

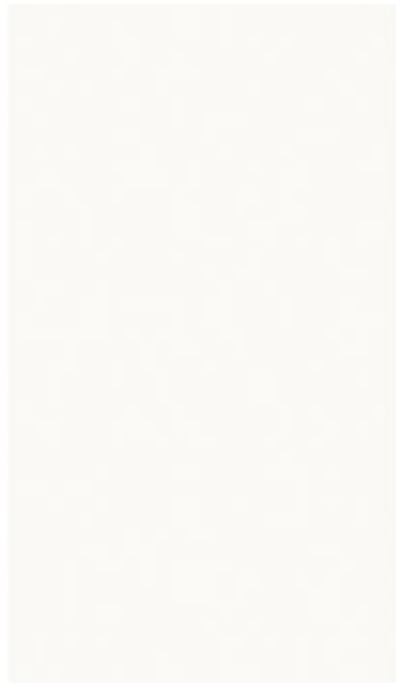

KITCHEN Fronts

GENUINE LACQUER / MATE SOFT

The support material is composed of an MDF support board and a printing paper. Based on a gradual multi-layered lacquer, the front and the edges acquire their sophisticated surface. The back-part is made in the same colour with a melamine or Lacquered coating.

MELAMINA MATE

Resin-impregnated papers apply the agglomerated board by a direct pressure and temperature-based procedure. With the texture stamped on the surface you get the effect from glossy to textured. The two-layer structure ensures a special touch and a sophisticated aesthetic on the material.
