Nestled on levelled plots ranging from 985 to 1,125 square metres, the villas stand out for their modern, elegant, and functional architecture. Each home has been meticulously crafted to provide generous living spaces, natural light throughout, and an impeccable layout designed for comfort and the quintessential Mediterranean way of life.

Developer

Marein is a leading name in property investment, specialising in the development of luxury villas and the management of self-built homes.

Born from the collaboration of several industry veterans with over 38 years of combined experience, the company's founding partners have successfully completed more than 100 residential developments since their careers began in 1973. To date, their work has resulted in the delivery of over 8,000 homes across cities such as Málaga, Seville, Cádiz, Córdoba, Madrid, and even Morocco.

Each villa features four en-suite bedrooms, spacious interiors, open-plan kitchens, and a seamless connection to the outdoors through multiple terraces, both covered and open-air. The exterior areas include private swimming pools designed for serious swimmers, landscaped gardens, and an inviting pool bar – all of which can be personalised to suit the client's preferences.

Volume, Elegance and Natural Light

The living areas boast soaring ceilings nearly six metres high, creating a remarkable sense of spaciousness and exclusivity. Thanks to their southwest orientation, all villas enjoy exceptional natural light throughout the day.

These exclusive villas in IMAGINE are completed with landscaped gardens, private swimming pool, two parking spaces with electric vehicle charger, aerothermal system, advanced home automation, TECHNAL carpentry and individual security system.

Master Bedroom

Located on the upper floor, the master bedroom occupies an entire wing of the house, offering maximum privacy. It features a bespoke dressing room designed by UECKO – a brand honoured with the 2024 Guinness World Record – alongside a luxurious en-suite bathroom. This level is completed by two guest bedrooms, both en-suite, each with its own dressing room and private terrace.

The main entrance opens into a grand living room with ceilings approaching six metres in height and a staircase connecting the various levels. From the spacious main lounge, you can enjoy pleasant views of the garden and natural surroundings.

The kitchen, designed by KOK Studio and equipped with MIELE appliances, bears the signature of the prestigious SANTOS brand and forms the heart of the home with its open-plan concept, central island, and direct access to the dining area.
