GRAND VIEW 3

Sea views, bold lines and absolute privacy in La Quinta. This apartment offers the feel of a private villa with panoramic views, generous outdoor space and refined interiors. Located within Grand View Marbella, a boutique gated development of just seven residences, it includes 24-hour security and access to a spa, gym, pool, sauna and steam room. Fully automated and quietly exclusive, it's a home designed for high-end living ideal for those seeking space, technology, and tranquility.

A central hall divides the layout. On one side, the social spaces: an open-plan kitchen with Gaggenau and Miele appliances, floor-to-ceiling wine display, and automated windows that open fully to merge interior and exterior. An L-shaped terrace wraps the space with sea views, lounge, dining area, jacuzzi, outdoor shower and summer kitchen surrounded by landscaped greenery that brings the atmosphere of a private villa.

On the other side, the private wing: the master suite with walk-in wardrobe and full bathroom, plus two en-suite bedrooms overlooking landscaped surroundings. A separate laundry room adds convenience.

Smart systems, premium materials and two garage spaces complete the home—along with a storage room and a registered electric buggy with private parking.
